Our 2018 Garden Tour will showcase ten impressive residential gardens all located in historic Niagara-on-the-Lake. The gardens include lovely courtyards and creative styles, from casual to formal.

All gardens provide great ideas for creating residential landscapes. Local musicians and visual artists at several of the gardens will enhance your tour experience.

Experts from the Niagara Peninsula Conservation Authority and the Niagara College Pollinator Project will provide interesting and timely information.

Our legendary self-guided garden tour now attracts over 1,000 visitors each year!

#### ABOUT US

The Niagara-on-the-Lake Horticultural Society is one of the oldest Horticultural Societies in Ontario.

We are an affiliate of the Ontario Horticultural Association set up in 1906. There are 19 Districts, with 285 local societies and over 40,000 members. Society members contribute thousands of hours a year to public service.

Our vision is to work together with other Societies and Garden Clubs on both sides of the border.

We welcome new members. New to gardening or just moved to town? Come learn from our experienced guest speakers or share your knowledge and tips with fellow gardeners.
